

CO₂-footprint certificate

2019

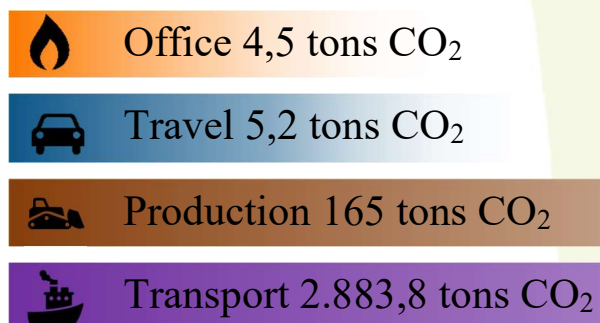

De Duurzame Adviseurs have calculated the CO₂-footprint of:

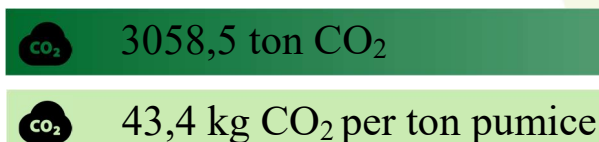

NAGEL Baustoff GmbH

They have promised to take action to reduce their CO₂-emissions as much as possible!

From this footprint it shows that most emissions are the result of shipping operations on sea and inland waters:

The total CO₂-emissions of NAGEL Baustoff GmbH are calculated to

This footprint has been drawn up by Jelmer Kort and checked by Lars de Valk from De Duurzame Adviseurs.
